ABOUT US

Fine Iron Steel Works is a well-known company in the region. For over 35 years, it has been producing high-quality, custom-made iron-work.

Our company has earned a reputation for being a genuine service-oriented company specializing in architectural metals, steel structuring, and custom fabrication. We take pleasure in our uncompromising quality, strong attention to detail, and quality services.

At Fine Iron Steel Works, we mix our expertise and professionalism to offer something unique and distinct, combining the aspirations of our consumers.

We have a great team of expert structural mechanical staff who are experts in all steel component works. Moreover, we employ the most innovative paint systems and finishing procedures. These include patination and metallization.

We provide the best services, so you can put your trust in us and never regret it.

SERVICES

We have many different services available. Aside from our competence and capacity to contend with international standards, we also offer a broad range of services.

We offer post-installation assistance to ensure a long-term commercial relationship with its customers. In addition, we have a vast list of clients distributed across Pakistan's main cities.

Our talented and active crew is one of the main reasons for our success. We hire highly skilled professionals to ensure that we maintain high-quality services.

Fine Iron Steel Work welcomes new clients to benefit from our years of experience.

Some of the services we offer include:

- **Skylight roof**
- **Roof Structure**
- **Staircase**
